Purpose and Activities

Oxfam is an international confederation of 17 organizations, networked together in 92 countries, with a secretariat that provides coordination and leadership to assist the confederation in achieving its purpose.

Oxfam's Vision

Oxfam's vision is a just world without poverty. Oxfam envisions a world in which people can influence decisions which affect their lives, enjoy their rights, and assume their responsibilities as full citizens of a world in which all human beings are valued and treated equally.

Our Purpose

The purpose of Oxfam is to help create lasting solutions to the injustice of poverty. We are part of a global movement for change, one that empowers people to create a future that is secure, and free from the injustice of poverty.

As the secretariat for Oxfam, Stichting Oxfam International (hereafter referred to as the Secretariat) exists in order to facilitate this purpose.

Achieving Oxfam's Purpose

Oxfam uses a combination of rights-based sustainable development programs, public education, Fair Trade, campaigns, advocacy, and humanitarian assistance in disasters and conflicts. In doing so, we seek to be innovative and practical, and to learn from others in ways which will increase impact on a larger scale.

Oxfam challenges the structural causes of the injustice of poverty at global, regional, national, local, community and household levels, within the framework of rights-based

development. We link local to global, and we work with partners at all levels. We do so through direct and alliance-based campaigning, by strengthening and empowering local organizations, by helping people where necessary, and by assisting the development of structures which are accountable to and directly benefit people living in poverty.

Oxfam recognizes the critical importance of gender justice, diversity, active citizenship, transparency, good governance, and effectively responding to the environmental and other crises that confront vulnerable communities and developing countries.

In pursuit of its purpose the Secretariat will be accountable to all stakeholders, especially those living in poverty. We will be positive, optimistic, and committed, and will reach out to engage and include others.

Activities

This report focuses on the contribution that the Secretariat makes to achieve the common goals of the Oxfam confederation.

In accordance with the Oxfam Strategic Plan 2007-13, the Secretariat continues to support affiliates on programming, advocacy and campaigning in four areas: Economic Justice, Essential Services, Rights in Crisis and Gender Justice. These are referred to as the 'Change Goals' of Oxfam. Additionally, the Secretariat continues to manage the Oxfam brand worldwide, to promote the growth of Oxfam, to communicate the work of the confederation and to strengthen accountability.

Achievements, Performance and Plans

Through its Advocacy, Campaigning and Humanitarian support, the Secretariat has contributed to the success of Oxfam with particular regard to:

Economic Justice

In 2011, Oxfam launched GROW, a four-year campaign on climate, land, water and food, and the campaign report 'Growing A Better Future' helped to shape global debates on those subjects. GROW messages have reached over 40 million people in over 40 countries in the past 12 months. Concrete policy changes were achieved by Oxfam and its partners, such as ensuring that the Green Climate Fund - through which money to help developing countries deal with the impact of climate change will be channeled will have the interests of poor women at its core. In Latin America, by helping bring the voices of small farmers into policy debates, Oxfam and its partners successfully pushed for the introduction of policies to benefit smallholder farmers and to tackle hunger by the Guatemalan and Colombian governments. The campaign has also moved issues such as food price speculation, land acquisitions and agriculture further up the agenda of governments and decision-makers.

Essential Services

Against a tough economic and political backdrop, Oxfam continues to push for universal access to essential services, such as health and education. In Zambia, working as part of a coalition on the 'Vote Health For All' campaign, we helped to achieve the removal of user fees and an increase of 45% in government spending on healthcare. In Europe, aid budgets have been maintained or increased

in key countries including Italy, Germany, the Netherlands and the UK in part thanks to the campaigning of Oxfam and our partners. The 'Robin Hood Tax' campaign continues to go from strength to strength with the EU moving towards implementation of a Financial Transaction Tax and the G20 Summit in November seeing a number of countries supporting our call to turn a crisis for the banks into an opportunity for the world. The Secretariat has also published research on inequality which resulted in excellent media coverage globally.

Rights in Crisis

The first famine of the 21st century in the Horn of Africa and growing political momentum for an Arms Trade Treaty meant that 2011-12 was a vital period for Secretariat's Rights in Crisis team. Together with partners, we engaged thousands of people ranging from heads of state to international footballers with our concerns. The 'Africans Act 4 Africa' campaign enabled African people to hold African governments to account and the hashtag #lastfamine trended on Twitter across Africa at the height of the campaign. Oxfam and its partners also continued to support poor people coping with long-standing crises. Through the Green Scarves campaign, Oxfam supported women rights' groups in Afghanistan to raise their voices in the peace building process. With real prospects of a new UN Arms Trade Treaty, 2012 might see the culmination of 10 years of hard work to prevent inflows of small arms from threatening human development.

Gender Justice

2011-12 has been one of consolidation and 'lift-off' within the Gender Justice Change Goal, resulting in a unified program framework that stresses power transformation as central to our approaches on Gender Based Violence. We plan for a global Oxfam program on Gender Based Violence, with a strong learning and advocacy component on 'what works'.

The Gender Justice team has focused its resources on supporting the GROW campaign. The campaign has incorporated gender policy objectives within all of the advocacy objectives of the campaign, fostered women's rights organizations as campaign allies, prioritized International Women's Day for the first time, and incorporated a request for regular monitoring of how well the campaign has done to 'put women's rights at its heart'.

The Oxfam Program Standards have articulated the centrality of advancing gender equality to all of Oxfam's work, and have laid down the particular ways Oxfam will advance it through Gender Justice stand-alone programs. This is key for exploring with country teams how to achieve program quality.

Global Communications

Oxfam is increasingly communicating globally as one Oxfam, rather than individual affiliates. We have developed tools and new processes to assist us in making the most of our communications.

The Secretariat is implementing the new Oxfam global identity, the visual and verbal expression of the Oxfam brand, based on a core proposition, purpose and personality for Oxfam. For the first time, affiliates and the countries in which we work will have the brand tools to help us work as one Oxfam. These include a set of branding resources uploaded to a Global Brand site, with brand quidelines, and downloadable artwork. The new global identity will help Oxfam to build a global movement for change, with wider support to achieve our mission. It will also make us much more efficient internally, acting as one Oxfam, and sharing materials and tools.

The Secretariat is supporting affiliates to bring joint work under the name of 'Oxfam' for all joint communications, and under the Single Management Structure project (SMS), with Oxfam being seen more as one organization, rather than as individual affiliates.

We are developing new digital tools, such as social networking. A joint digital communications strategy is being implemented and we are also supporting communications in SMS countries via www.oxfam.org.

The Oxfam global intranet, managed by the Secretariat, is being developed to meet new business needs. A major project will see the introduction of a document management component, which will also support country teams in low bandwidth areas.

The Secretariat continues to lead in developing and coordinating Oxfam's external communications strategies across major campaigns, humanitarian responses, and the SMS project. This also extends to media strategies for major international events such as G20, and Rio +20, bringing Oxfam's messages and partner voices to the

attention of international decision makers.

The Secretariat has coordinated with media managers of affiliates to develop a toolkit to ensure that our media officers are better connected within the Oxfam confederation.

The Secretariat has also been working with content specialists across the confederation to maintain our ability to provide high quality story-led content from 92 countries, ensuring that all affiliates can access and make use of it in their marketing and corporate materials.

Internal communications within the confederation is a core activity and we are developing tools and resources to enable affiliates to communicate more effectively.

Confederation Development

The Oxfam International Board is committed to growing the confederation to between 20-25 affiliates in G20/BRICSAM countries by 2020. The primary driver is impact, with secondary drivers being influence, diversity and income.

In March 2011 Oxfam India was granted full membership. In March 2012 Oxfam Italy and Oxfam Japan were welcomed as full members. While Oxfam Japan was originally established by the confederation, Oxfam Italy is the result of a successful collaboration between Oxfam and a highly respected national Italian NGO. The memberships of Oxfam Italy and Oxfam Japan fit in Oxfam's growth strategy. Both organizations will add to Oxfam's global presence in strategic national markets.

We are also working with the Brazilian organization *Vitae Civilis*, for it to become a future Oxfam Brazil. Observer membership for Vitae Civilis is expected in 2013.

The Secretariat manages the Membership Growth Grant Fund and the Affiliate Growth Loan Fund. These funds provide support for new and prospective affiliates, to strengthen their fundraising and build their institutional capacity. In its fourth year of managing these funds, the Secretariat has facilitated grants and loans to affiliates of approximately €2.0m and €0.7m respectively.

The Secretariat has now established a fundraising taskforce to review Oxfam's global fundraising opportunities. A new Income Growth Group will be responsible for formulating confederation fundraising strategy and maximizing opportunities for income generation.

Global Programs

The Single Management Structure project (SMS) is proceeding well, with 26 countries having gone live with the new streamlined management arrangements by the end of March 2012. The Project Team has established and is supporting the new governance groups for each region and country.

Although we are still in the process of implementation, we are seeing some of the benefits of SMS already. Most countries now have a single coherent analysis, strategy and operating model which bring together the work of affiliates for greater impact. Significant progress has been made in securing large scale funding for programs that are carried out by multiple affiliates. The value of proposals to institutions that have resulted in funding has more than tripled from €14m in 2010-11 to €54m in 2011-2012.

We have introduced new methodologies and processes to improve *Monitoring*, *Evaluation and Learning*. These are helping to embed Oxfam's Program

Standards, Partnership Principles and other improvements to programming.

The Secretariat is coordinating or leading a number of other projects. intended to increase collaboration on Programs among affiliates. including staffing, reporting, and shared systems. The focus for the next year will be to realize as much benefit as possible from the new governance and management arrangements, and the new 'one Oxfam' culture that SMS has enabled. Increased emphasis will be given to cost effectiveness as well as embedding the Program Standards and increasing the quality of our programs.

Governance

The Executive Director chairs the international NGO Accountability Charter Company. In 2010 the Charter introduced the Global Reporting Initiative (GRI) for international NGOs.

We have submitted our second GRI Level C report, designed for INGOs. This was reviewed by an independent review panel. In general the feedback was very positive, and highlighted opportunities for further improvements.

In March 2011 the Board conducted an internal review of the Secretariat. The review concluded that the Secretariat was performing well in most areas, whilst making a number of recommendations aimed at ensuring the Secretariat remains 'fit for the future'. These include streamlining the confederation architecture, strengthening leadership and accountability, redefining some Secretariat roles and responsibilities, and adjusting the Secretariat structure and funding. We are implementing the recommendations.

Financial Review

Total Incoming Resources for the year to 31 March 2012 rose by £1.6m from £9m to £10.6m. The increase includes affiliate corporate sponsorship income channeled through the Secretariat (£0.7m), and higher contributions from affiliates for activities using Restricted Funds (£0.5m).

Affiliates continued to contribute one per cent of their income to the core activities of the Secretariat, and 0.3 per cent of their income to the *Membership Growth Grant Fund.*

Total Resources Expended for the year to 31 March 2012 rose by £1.7m from £8.4m to £10.1m. The increase includes corporate sponsorship income passed to affiliates, and an increase in activities funded out of restricted income from affiliates.

Net Incoming Resources for the year were £0.5m, slightly above budget.

The financial standing of the Secretariat remains satisfactory. Total Unrestricted Funds have increased from £1.7m at 31 March 2011 to £1.9m at 31 March 2012 [Board Designated Reserve: £1.4m; Other Unrestricted Funds: £0.6m; Membership Growth Grant Fund: (£0.1m)]. As in the previous year, the deficit on the Membership Growth Grant Fund reflects the request of one recipient affiliate to receive part of its grant for 2012-13 before 31 March, whereas annual contributions by affiliates to the Fund for 2012-13 are not received until after 31 March. The deficit has since been made good by the receipt of annual contributions from affiliates.

Reserves Policy

We have adhered to the Reserves Policy, which requires the organization to maintain general reserves equivalent to at least three months' core expenditure. This amounts to approximately £1.4m, and is referred to as the 'Board Designated Reserve'.

Risk Management

The Board has continued to maintain, through its Finance and Audit Committee, comprehensive risk management arrangements in order to identify and assess, monitor and report all significant risks, according to the Secretariat's Risk Management Policy.

These risks are set out in the Risk Register. This comprises a mix of risks to Oxfam, where the activities of the Secretariat support the mitigation of these risks (governance and reputation) and risks that are directly attributable to the Secretariat (financial and operational).

Two areas that have continued to receive particular attention are the risks relating to the implementation of SMS, and risks relating to the capacity of new affiliates.

Auditors

A resolution re-appointing PricewaterhouseCoopers LLP as the auditors of the Secretariat for the 12 months to 31 March 2012 was approved at the AGM in March 2012.

Structure, Governance and Management

Legal Status
Stichting Oxfam International is registered in The Hague,
Netherlands, as a not-for-profit foundation governed by a written constitution (registration number 41159611).

The principal office of Stichting Oxfam International is registered at Suite 20, 266 Banbury Road, Oxford OX2 7DL, United Kingdom. Stichting Oxfam International is registered with Companies House as a branch of an overseas company under number FC019279. Stichting Oxfam International also operates four advocacy and campaigns offices, in Brussels, Geneva, New York and Washington DC.

Affiliates

Affiliates are organizations who subscribe to the objects of Stichting Oxfam International and which have been entered in the Register of Affiliates in accordance with Stichting Oxfam International's Constitution. Stichting Oxfam International's main source of income is contributions from these affiliates.

As part of the preparations for entering Oxfam as an affiliate, prospective affiliates are awarded Observer Status, which enables them to appoint representatives to attend (but not to vote at) Board meetings.

Board Members

Previously, the Board consisted of voting trustees who sat as Chairs on the affiliate boards, and non-voting trustees who were the Executive Directors of each affiliate.

In March 2011, the Board approved changes to the governance structure, such that each affiliate, as a legal entity, now sits on the Board as a member. This allows for affiliates to designate individuals to be present at Board meetings and work with alternates without the need to explicitly appoint those individuals to the Board. It also ensures that each affiliate only has one vote at the meeting, even though multiple delegates may attend.

As part of their induction, Affiliates are informed about the Secretariat and their responsibilities as Trustees of the Secretariat, including financial matters.

Statement of Trustees responsibilities

The Trustees are responsible for preparing the non-statutory financial statements. In approving the non-statutory financial statements, the Trustees have satisfied themselves that these have been properly prepared, in all material respects, in accordance with the basis of preparation and accounting policies in Note 1 to the non-statutory financial statements. In preparing these non-statutory financial statements, the Trustees have

selected suitable accounting policies and then applied them consistently, made judgments and accounting estimates that are reasonable and prudent, stated the basis of preparation and accounting polices applied, and have prepared the non-statutory financial statements on the 'going concern' basis.

The trustees have chosen, voluntarily, to comply with the UK's 'Accounting and Reporting by Charities: Statement of Recommended Practice 2005 [revised 2008] (the 'SORP'). Specifically, they have chosen to comply with the requirements of the SORP as regards the financial statements and as far as practicable with UK GAAP.

The Trustees are responsible for keeping adequate accounting records, which are sufficient to show and explain the Secretariat's transactions, and disclose with reasonable accuracy at any time the financial position of the Secretariat. They are also responsible for safeguarding the assets of the Secretariat and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the Trustees are aware there is no relevant audit information of which Secretariats' auditor is unaware; and the Trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

The following trustees served on the Board of the Secretariat in 2011-12:

INDEPENDENT AUDITORS' REPORT TO THE TRUSTEES OF STICHTING OXFAM INTERNATIONAL

We have audited the non-statutory financial statements of Stichting Oxfam International for the year ended 31 March 2012 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement and the related notes. The financial reporting framework that has been applied in the preparation of these non-statutory financial statements is the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of trustees' and auditors

As explained more fully in the Trustees' Responsibilities Statement set out on page 6, the trustees are responsible for the preparation of the non-statutory financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the non-statutory financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinion, has been prepared for and only for the trustees for management purposes in accordance with our engagement letter dated 16 May 2012 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come including without limitation under any contractual obligations of Stichting Oxfam International, save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the non-statutory financial statements sufficient to give reasonable assurance that the non-statutory financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to Stichting Oxfam International's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the trustees; and the overall presentation of the non-statutory financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on non-statutory financial statements

In our opinion the non-statutory financial statements:

- give a true and fair view of the state of Stichting Oxfam International's affairs as at 31 March 2012, and of its net incoming resources and cash flows, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice.

Emphasis of matter - Non-statutory financial statements

Without modifying our opinion, we draw attention to the fact that these non-statutory financial statements have not been prepared under section 394 of the Companies Act 2006 and are not Stichting Oxfam International's statutory financial statements.

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2012

1 ACCOUNTING POLICIES

The following accounting policies have been used consistently in dealing with items which are considered material in relation to the accounts.

a) Basis of Accounting

The accounts are prepared under the historical cost convention.

The accounts are prepared on a going-concern basis.

Although not registered as a charity in the United Kingdom, the Board has elected, as its main base of operations is in the United Kingdom, to prepare its accounts in compliance with 'Accounting and Reporting by Charities: Statement of Recommended Practice 2005 (revised 2008)' ("the SORP") and generally accepted accounting practice in the United Kingdom (UK GAAP) as far as is considered applicable.

Incoming resources and resources expended have been categorized in accordance with the nature of Stichting Oxfam International's activities.

b) Fund Accounting

Unrestricted funds are funds available for use at the Board's discretion, in furtherance of the objectives of Stichting Oxfam International.

Designated funds are funds set aside at the discretion of the Board for specific purposes which would otherwise form part of the other unrestricted funds. At present, Stichting Oxfam International operates four designated funds.

Restricted funds are subject to specific restrictions imposed by the donor or contributing Affiliate.

A final review of allocation of expenditure is performed after a project or period of funding has ended, which can give rise to a transfer between funds.

c) Incoming Resources

Income (including Legacy income) is recognized in the period in which Stichting Oxfam International is entitled to receipt and where the amount can be measured with reasonable certainty.

Contributions from Affiliates are mainly annual contributions calculated on the average Affiliate income over the previous three years, as agreed by the Affiliates, but also includes recovery of shared costs on some joint activities.

Restricted contributions relate to specific activities. They may be funded by one or more Affiliates. Restricted contributions are recognized when the money is due from the Affiliate. Any discrepancy between amounts due and actual payments during the year is carried forward as a restricted fund balance.

Stichting Oxfam International is not a fundraising organisation, but does occasionally receive donations from the public or corporate bodies.

Donations are paid over to the Affiliate most closely linked to the donor's country of origin unless a) the donation is specifically given for a project being undertaken by Stichting Oxfam International, b) the donor explicitly states otherwise, or c) the relevant Affiliate agrees otherwise.

d) Governance Costs

Governance costs are the costs incurred in complying with constitutional, statutory requirements and accountability, such as audit fees, legal fees and meeting costs and memberships of organizations promoting accountability such as INGO Accountability Charter.

1 ACCOUNTING POLICIES (Continued)

e) Confederation Development

Confederation Development is the cost of activities supporting the growth of the Confederation, both in terms of number of Affiliates and the income of the Confederation as a whole.

The cost of Confederation Development includes the costs of work supporting potential new Affiliates during the process of reviewing suitability and becoming a member. It also includes inter-Affiliate activities aimed at increasing the income of specific Affiliates, Observers and other organisations identified as likely future Affiliates, and the Confederation as a whole. The largest element of this is the Membership Growth Grant

f) Communications

Communications costs are salaries, direct expenditure and overhead costs incurred in supporting co-ordinated communications across the Confederation. This includes facilitation of internet and other systems and platforms, for both internal and external use within the Confederation. It also includes monitoring and responding to the media, and generally raising awareness of the work done by Affiliates around the world.

g) Planning and Programme Development

Planning and Programme Development costs are salaries, direct expenditure and overhead costs incurred supporting planning, monitoring, evaluating and learning across the Confederation. This includes co-ordinating strategic planning across the Confederation, and developing and promoting ways of evaluating the effectiveness of work done by Affiliates.

h) Humanitarian Co-ordination

Humanitarian Co-ordination costs are salaries, direct expenditure and overhead costs incurred supporting co-ordination of responses of Affiliates to individuals and communities in crisis. This also involves working with Affiliates and other organizations on identifying and developing best practice in relation to humanitarian response to disasters and the monitoring and evaluation of responses.

i) Advocacy and Campaigning

Advocacy and Campaigning costs are salaries, direct expenditure and overhead costs incurred in contributing to public debate and policy making, in order to create lasting solutions to the injustice of poverty. This includes informing and working with both the public worldwide and with policy makers at the UN and EU.

i) Allocation and Apportionment

Expenditure is charged to the Statement of Financial Activities (SOFA) on an accruals Any irrecoverable purchase taxes (including VAT) are charged to the SOFA in the period in which they are incurred.

Indirect costs have been apportioned on the following bases:

- Administrative support co-ordinated centrally (Facilities, Finance, Human Resources and Legal) have been apportioned on the basis of staff costs across the organisation.
- The costs of the Chief Executive and Director of Operations have been apportioned to activities on the basis of the time they have spent supporting those activities.

k) Foreign Currencies

Transactions in foreign currencies have been translated at the rate prevailing at the rate on the first day of the relevant month.

Foreign currency balances are translated at the rate of exchange prevailing at the balance sheet date.

Foreign exchange gains and losses are included in the SOFA in the period in which they are incurred.

1 ACCOUNTING POLICIES (Continued)

1) Tangible Fixed Assets and Depreciation

Tangible fixed assets costing more than £500 are capitalized and disclosed on the balance sheet. They are subsequently carried at historical cost less depreciation.

Depreciation is provided on tangible fixed assets at rates calculated to write-off the cost by equal annual instalments over their expected useful economic lives as follows:

- Office equipment (including IT equipment) 3 years.
- Leasehold Improvements 3 years or the life of the lease if less.

No depreciation is provided in the year of purchase and a full year's depreciation is charged in the year of disposal.

Where appropriate, provision has been made for impairment in the value of tangible fixed assets.

m) Provisions

Provisions for future liabilities are recognized when Stichting Oxfam International has a legal or constructive financial obligation that can be reliably estimated, and for which there is an expectation that payment will be made.

n) Pension costs

Defined Contribution

Pension costs are recognized as they become chargeable.

Defined Benefit

A small number of UK employees of Stichting Oxfam International, who have transferred from Oxfam GB to Stichting Oxfam International, participate in a multi-employer defined benefit scheme. The scheme is administered by Oxfam GB. Stichting Oxfam International pay pension contributions to the Oxfam GB pension scheme in accordance with recommendations of the scheme's Actuary. Contributions payable are charged to the SOFA in the period they relate to, and the scheme is treated as a defined contribution scheme by Stichting Oxfam International. This is because a) the scheme is currently underwritten in full by Oxfam GB and b) Stichting Oxfam International has been unable to identify its share of the underlying assets and liabilities in the scheme on a reasonable and consistent basis. Refer to note 21b for details of the Oxfam GB scheme.

o) Operating Leases

Operating lease payments are expensed on a straight line basis over the term of the lease.

p) Grants

Stichting Oxfam International is not a grant making organisation.

Grants made from the Membership Growth Grant Fund are disclosed under Affiliate Support.

The amounts disclosed as grants in these accounts are:

- i) donations passed on to Affiliates. Occasionally Stichting Oxfam International receives donations and legacies directly from the public. These donations are paid over to the Affiliate in the home country of the donor, or to an Affiliate working in the home country of the donor, unless otherwise requested by the donor or agreed with the relevant affiliate. These distributions have also been classified as grants in the accounts. ii) grants to affiliates for specific Advocacy and Campaign activities which are directly co-ordinated by Stichting Oxfam International.
- iii) payments to Advocacy and Campaigning partners.

Grants are recognised when there is evidence of entitlement, eg written agreement with the recipient.

q) Affiliate Support

These are:

- Payments made to Affiliates and Observers as a result of activities Stichting Oxfam International is coordinating on behalf of the Confederation, such as the Membership Growth Grant Fund, which provides grants to Affiliates and Observers to support income generation and capacity building,
- ii) Distributions to Affiliates where Stichting Oxfam International is acting as a fiscal agent, eg State Street Bank's funding of Trailwalker events.
- iii) Payments made on behalf of Affiliates and Observers, generally in support of campaigning and advocoacy activities in locations where Stichting Oxfam has an office but the relevant Affiliate/Observer does not

5 TAXATION

HMRC treat Stichting Oxfam International (SOI) as a transparent entity for tax purposes. This means that SOI does not, itself, have a liability to corporation tax. However, to ease administration, SOI is responsible for reporting taxable surpluses attributable to Affiliates and paying the relevant income tax.

Affiliates that are registered as charities in the UK are not subject to income tax. Other Affiliates are subject to income tax on their share of interest earned in the UK. However, as this is not a tax liability of Stichting Oxfam International itself this liability is netted off against interest received.

7 EMPLOYEE AND STAFF COSTS

a) Analysis of Payroll Costs and Reconciliation to Staff Costs

Costs of staff include staff seconded from Affiliates and other staff costs such as recruitment and employee related insurances as well as payroll costs. These are shown as reconciling items in the notes below. Staff costs are allocated according to the work done by the employee, and therefore form part of Governance, Confederation Development, Communications, Planning and Development, Humanitarian Co-ordination or Advocacy and Campaigning.

d) Pension Costs: Defined Contribution

Stichting Oxfam International operates defined contribution schemes for employees in the UK, US. Switzerland and Belgium.

In the US, Stichting Oxfam International pays a defined contribution of 9%. There is no formal requirement for employees to contribute, though they are encouraged to contribute 5%.

In Switzerland, Stichting Oxfam International pays a defined contribution of 9%. Employees contribute 7%.

In Belgium, Stichting Oxfam International pays a defined contribution of 6% of salary. Employees do not contribute to the scheme.

In the UK Stichting Oxfam International operates a Stakeholder Pension scheme.

Stichting Oxfam International contributes 9% to the stakeholder pension scheme, providing the employee contributes 5%. New joiners may elect to back date contributions to their starting date, up to a maximum of 7 months. Where the employee contributes less than 5% Stichting Oxfam International contributes at reduced rates.

Prior to establishing a stakeholder pension scheme, during the year ending 31 March 2010, Stichting Oxfam International had contributed 9% to personal money purchase plans, providing that employees contributed at least 5% of their salary. Employer contributions are pro-rata-ed where the employee contribution was less than 5% of salary. Some existing arrangements have continued, at the election of the employee.

Other Advocacy are the costs incurred by Stichting Oxfam International supporting world wide campaigning by the Confederation, mainly by the employment of Campaign Leads and Campaign Co-ordinators. These staff are based in different offices and their payroll costs form part of the payroll costs for the relevant country. Current campaigning areas are Essential Services, Rights in Crisis and Economic Justice.

Prior to 2011-12 the Director of Advocacy also acted as Head of Office in Washington, and the costs of the post were included with Washington/New York Advocacy Fund. In 2011-12 the post relocated to Brussels. The new role does not have responsibility for managing a local office. The costs of the post are now reflected under Other Advocacy.

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2012

15 RESTRICTED FUNDS

Forty-two restricted funds were held and used during the year (2010-11: twenty-five funds). The increase in number of funds, particularly in the areas of Planning (SMS) and Advocacy and Campaigning, reflects an increase in the extent to which Stichting International is co-ordinating these activities across the Confederation.

The majority of these funds now represent additional funding received from Affiliates to enable Stichting Oxfam International (SOI) to undertake short term projects. Some of these projects are primarily aimed at providing benefit to the Affiliates and the Oxfam Confederation as a whole. In the descriptions that follow:

- i) SMS stands for Single Management Structure. The Confederation is currently moving from a structure centred around each affiliate having its own management structure in countries to a structure involving a common management structure, led by one affiliate, implementing programmes in a given country for all Affiliates.
- ii) MEL stands for Monitoring, Evaluation and Learning. These are the processes and systems that the Confederation has put in place or is developing to monitor and evaluate the impact of its development, advocacy and humanitarian work. These systems and processes also help the Confederation understand what does and does not work in particular situations so we can develop and promote best practice and improve program quality in the future.
- iii) EJ stand for Economic Justice. The EJ Campaign aims to address problems within our economic systems that mean millions of people have no access to basic rights such as enough food to eat.
- iv) The GROW Campaign is one strand of current EJ work, focusing on what we can all do to address the fact that almost a billion people to go to bed hungry every night. More information on this and other current campaigns can be found on the Confederation's web site: http://www.oxfam.org/en/campaigns.
- a) The State Street Trailwalker Fund represents funds received and then forwarded to Affiliates from State Street Bank under a Global Sponsorship agreement for Oxfam Trailwalker events run by specific affiliates. The OI Secretriat is acting as fiscal agent for this funding.
- b) The SMS Media Consultant Fund represents contributions from Affiliates to cover the costs of identifying a Confederation wide structure for international media relations reflecting the needs of SMS. Unused funding brought forward from 2010-11 has been transferred to Unrestricted funds cover costs of other media work related to SMS, as agreed with contributing affiliates. The fund is now closed.
- c) The EJ Digital Campaign Fund represents contributions from Oxfam GB to set up an internet hub, support on-going digital activities and establish campaign action and bulk email facilities that are being used for the GROW Campaign.
- d) The Early Adopters Learning Co-ordinator Fund represents funding from Oxfam Novib and Oxfam America to cover the costs of employing a consultant to review the experiences of the first countries to implement SMS, and identify lessons to ensure that the implementation process runs as smoothly as possible. There was a short period in the year which was not covered by funding from Affiliates and the resulting overspend has been transferred to Unrestricted Funds.
 - Funding received from Oxfam America is to cover work to be done in 2012-13.
- The Global Evaluation, Research and Learning Officer Fund represents funding from Oxfam America to cover the costs of co-ordinating MEL reporting on the impact of SMS.
- f) The SMS Programme Support Fund represents funding from Oxfam Novib to hire a consultant to co-ordinate an analysis of how different affiliates currently manage their long term development programmes and make recommendations on how practices can be strengthened and aligned as the Confederation moves towards a 'one programme' approach at the country level.

- g) The Gender Justice Step Change Programme Fund represents contributions from Oxfam Canada to: a) make the rights and needs of women food producers visible in Oxfam's global campaign on Food Justice; b) improve coordination and communications about gender justice programs and advocacy work on gender within the Confederation, and with our allies; c) strengthen the coherence and effectiveness of Oxfam's approaches to capacity building of women's movements, networks and organizations, through joint policy research and development with partners/allies, support to partners at the Association of Women's Rights in Development (AWID) forum, and a joint global meeting with partners/allies to define an influencing agenda that amplifies national level work; d) develop and initiate a Gender Based Violence program.
 - Oxfam Canada receives this funding from the Canadian Government.
 - Funding from Oxfam Canada has been supplemented by a small grant from Oxfam Ireland to cover some of the costs of a Gender Justice Co-ordinator which is not fully funded by Oxfam Canada. The balance of these costs have been covered by a transfer from Unrestricted funds.
- h) The Gender Justice Activities Fund represents funding from Oxfam Novib for a) a review of the Confederation's work on gender based violence, b) development of MEL framework for our gender justice work, and c) alliance building and outreach with organisations working to promote gender justice.
- The Tsunami Fund was originally set up to monitor costs incurred supporting the OITF (Oxfam International Tsunami Fund), and related reimbursements. The OITF was a charity set up by the Confederation to co-ordinate work in response to the 2004 South Asia Tsunami. In December 2008 the charity was closed. Its assets and liabilities at that time were transferred to Stichting Oxfam International. The current balance will be used for on-going long-term evaluation of the impact of the Confederation's response.
- j) The Emergency Managers' Network Fund represents contributions from Affiliates to cover consultancy and other related costs of the Humanitarian Consortium. The balance held at the end of the period will cover costs incurred in 2011-12.
- k) The Haiti Audit Fund represents contributions from Affiliates to cover the costs of an audit of the Confederation's response to the Haiti Earthquake in January 2010. Contributions are invoiced as work is completed. Work on the review was finalised in the current year and the fund is now closed.
- The Humanitarian Strategy Review Fund represents contributions from Affiliates to cover the costs of developing a much more integrated approach to humanitarian work within the Confederation. This will lead to improved performance, including greater impact and increased capacity. Stichting Oxfam International has also made a contribution to the costs from Unrestricted Funds.
- m) The Geneva Humanitarian Advocacy Fund represents contributions from Oxfam GB to cover the operational costs of Humanitarian Advocacy staff based in Geneva but line-managed by Oxfam GB.
- n) The Brussels Climate Change and EJ Advisor Fund represents contributions from Oxfam GB to cover the costs of an advisor working on issues relating to Climate Change and Economic Justice within the EU. The fund was originally called the Brussels Climate Change fund.
- o) The EU Essential Services Policy Advisor Fund represents contributions from Oxfam GB, Oxfam Novib, Intermon Oxfam and Oxfam Germany to cover the costs of a temporary appointment coordinating work in the EU on Essential Services, ie promoting universal access to key services such as education and health.
- p) The EU Polish Presidency Fund represent funding from Oxfam GB to cover the costs of establishing an advocacy presence in Poland when Poland held the Presidency of the EU in 2011-12. A small balance arising on exchange rate movements has been written off and the fund has been closed.

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2012

15 RESTRICTED FUNDS (Continued)

- q) The Policy Advisor IFI Fund represents funding from Oxfam GB, Oxfam Novib and Oxfam France to cover the costs of a) developing advocacy strategies to influence the food, agriculture, climate, land and water agenda at the World Bank and International Monetary Fund and b) providing an analysis of the World Bank and IMF's policies on these issues. This work is being undertaken as part of the Confederation's global campaigning work on economic justice.
- r) The Expanding Horizons Fund represents funding from Oxfam America and Oxfam Novib to enhance cross-affiliate learning and do further policy development in the area of development finance.
- s) The Global Economic Crisis Consultancy Fund represents contributions made by Oxfam GB and Oxfam Novib to cover the costs of a temporary appointment co-ordinating work, particularly with the IMF, on the impact of the Global Economic Crisis on those communities with which the Confederation works. There was a small balance on this fund when work was completed which has been transferred to the Expanding Horizons Fund, as agreed with contributing Affiliates.
- t) The New York Affiliate Support Fund represents the costs and income of supporting campaigning activities undertaken by Affiliates, mainly Oxfam GB.
- The New York Climate Change Campaigner Fund represents the costs and income of employing a Climate Change Campaigner to work with the UN in New York on behalf of Oxfam GB.
- v) The New York Humanitarian Campaigner Fund represents the costs and income of employing a Humanitarian Campaigner to work with the UN in New York on behalf of Oxfam GB.
- w) The Global Leap Fund represents funding from Oxfam America for various posts, looking at ways of and increasing the efficiency and levels of International Aid in a world where Governments are under increasing pressure from competing domestic priorities and need to demonstrate more than ever the effectiveness of the aid that they are giving. The transfer between funds is an overhead recovery.
 The fund is in deficit at the end of the year. Funding of £462,364 for the 2012 calendar year was received in April 2012. This funding was net of a significant underspend on funding received for the 2011 calendar, due to delays in recruitment.
- x) The Rio+20 Fund has been set up to cover the costs of co-ordinating the Confederation's input to the G20 meeting in Rio. The fund is in deficit at 31 March 2012 due to costs of a planning meeting in March. Work will take place and funds will be received from affiliates during the year ending 31 March 2013.
- y) The Global Summits Evaluation Fund represents funding from various Affiliates to the costs of evaluating the effectiveness of the Confederation's input to global intergovernmental summits such as G8, G20, UNFCCC (UN Framework Convention on Climate Change) and high level forums on Aid Effectiveness.
- z) The EJ Campaign Development Fund represents funding from Oxfam Novib to cover the costs of developing a global campaign on Economic Justice.
- aa) The EJ Efficiency and Agility Fund represents contributions from various affiliates to enable the EJ team to respond quickly to campaigning opportunities.

15 RESTRICTED FUNDS (continued)

- ab) The UNFCCC Southern Participation Fund represents contributions from Oxfam GB to cover the costs of travel to enable southern colleagues to participated in the UN Framework Convention on Climate Change process. A small balance left on the fund has been transferred to the EJ Efficiency and Agility Fund, as agreed with Oxfam GB and the fund is now closed.
- ac) The EJ Investment and Gender Policy Advisor Fund represents funding from Oxfam America and Oxfam Novib to cover the costs of employing a Policy Advisor to develop and co-ordinate strategy on agricultural investment in relation to women's rights as part of the GROW Campaign.

 The transfer into this fund represents the reallocation of funding received for G20 work in the previous year after an alternative source of funding was secured for that work. See ap) below.
- ad) The EJ Regional and National Campaigns Co-ordinator Fund represents funding from Oxfam America,Oxfam Novib, Oxfam GB and Oxfam Hong Kong to cover the costs of employing a Campaign Coordinator to provide strategic and advisory support for the implementation of Oxfam International's global GROW Campaign in focus countries, and promote the development of synergies and integration across national, regional and global campaigning.
- ae) The Digital Development of the Food Justice Index Fund represents funding from Oxfam Novib to cover the costs of developing the Food Justice Index as a digital tool. The Food Justice Index is a way of assessing how company practices impact on the food security of communities they trade with.
- af) The Essential Services Campaign Country MEL Fund represents contributions from Oxfam Novib and Oxfam GB to fund consultants to review the effectiveness of the Essential Services campaign (Health and Education for All) in a selection of countries. Much of the work was completed as a project within the Essential Service Flexibility fund. Work has now been completed. The balance on the fund has been transferred to the Essential Services Flexibility Fund, and the fund has now been closed.
- ag) The Essential Services Flexibility Fund represents funding various Affiliates to allow the confederation to respond more effectively and efficiently to emerging opportunities for campaigns and advocacy work on essential services (Health and Education for all). This fund was previously called The Essential Services Campaign Activities Fund.
- ah) The Essential Services Southern Campaigning Fund represents funding from Oxfam GB to undertake research and evaluation of campaigning on Essential Services (Health and Education for All) issues within those countries where the Confederation has programmes.
- ai) The Essential Services Media and Story Gathering Fund represents contributions from Oxfam GB to help the Confederation co-ordinate Media engagement on issues relating to Essential Services (Health and Education for All).
- aj) The Essential Services Health and Education Policy Advisor (IFIs) Fund represents funding from Oxfam GB and Oxfam Novib to cover the costs of a Part-Time post based in Washington DC working to engage with International Funding Institutions (IFIs) on Health and Education.

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2012

15 RESTRICTED FUNDS (continued)

- ak) RIC Campaign Pilot Fund represents contributions from Oxfam Novib to allow the Confederation to develop campaign materials, organisational management materials, thematic research work, and a digital campaign platform for the Rights In Crisis Campaign. The Rights in Crisis Campaign is our advocacy response to humanitarian crises, including natural disasters and violent conflict.

 Transfer is to the RIC Protection Thematic Work Fund. See am) below.
- al) The RIC Efficiency Fund represents contributions from various affiliates to allow the RIC team to react quickly and efficiently to external opportunities for campaigning, bridge staff gaps, and start up new projects.
- am) The RIC Protection Thematic Work Fund represents funding from Oxfam Novib for research and development activities on issues related to protection of civilians. Funding was originally received into the RIC Efficiency fund.
- an) The Poverty Footprint Fund represents funding from Oxfam GB and Oxfam America to cover the costs of employing a Poverty Footprint Officer to co-ordinate the development and promotion of a Poverty Footprint methodology. The methodology is intended to help businesses understand their social impact, particularly in relation to poverty.
- ao) The G20 Strategy Project Manager Fund represents contributions from Oxfam GB, Oxfam Novib and Oxfam America to cover the costs of employing a Project Manager to develop the Confederation's strategy and operation plans for campaigning on issues relating to the G20. The Strategy Development is now complete. An unused balance on the fund has been transferred to the EJ Investment and Policy Advisor Fund, as agreed with Oxfam America.
- ap) Role in the World Challenge Fund originally represented contributions from Oxfam Novib contribution which have been used by Oxfam Teams in India, Mexico and Indonesia to develop plans to maximise their future impact on global poverty issues. The fund is now used for grants related to Campaign work related to BRICSAM countries.

b) Pension Scheme Commitments

Defined Benefit Schemes

A small number of Stichting Oxfam International employees participate in a multi-employer defined benefit scheme operated by Oxfam GB. Stichting Oxfam International treats the scheme as a defined contribution scheme as Oxfam GB provides in full for the current deficit in funding and STichting Oxfam International is not able to identify its share of assets and liballities on a reasonable and consistent The scheme was closed to new members on 31 January 2003.

Stichting Oxfam International contributes 10% of pensionable pay. Employees contribute 7% of pensionable pay.

Details of amounts paid and expensed by Stichting Oxfam International are given in note 7c. Stichting Oxfam International is committed to making monthly payments of £1,442 from April 2012 until March 2021 under the scheme's recovery plan (2010-11: £1,459 during 2011-12 and £1,030 from April 2012 until March 2021).

This equates to a total commitment at 31 March 2012 of £155,736 (2010-11: £128,748).

A new 10 year recovery plan is being developed and is expected to come into operation in 2012-13.

The following details have been taken from the accounts of Oxfam GB for their year ended 31 March 2012.

The assets of the pension scheme are held separately from those of Oxfam GB and are administered by The Pensions Trust. The pension cost is determined on the advice of independent qualified actuaries. An actuarial valuation was carried out at 31 March 2012 by a qualified independent actuary, based on the amendment to the provisions of FRS17 (issued December 2006).

As required by FRS17, the defined benefit liabilities have been measured using the projected unit method. The tables below state the FRS17 actuarial assumptions upon which the valuation of the scheme was based.

Financial assumptions:

| | 31 March 2012 | 31 March 2011 |
|--|---------------|---------------|
| | % | % |
| Rate of increase in salaries | 2.6 - 3.10 | 3.40 |
| Rate of increase of pensions (deferred and in payment) | 3.10 | 3.40 |
| Rate of inflation | 3.10 | 3.40 |
| Rate used to discount scheme liabilities* | 4.70 | 5.50 |

^{*}Under FRS17 the rate used to discount scheme liabilities is based on corporate bond yields.

The mortality assumptions adopted at 31 March 2012 imply the following life expectancies at age 65 (2010: 60)

| | 31 March 2012 | 31 March 2011 |
|-----------------|---------------|---------------|
| | Years | Years |
| Non-pensioners: | | |
